"The world has survived the Second World War with the help of the Inquisition. Yet, only a short five years later, the world would be shaken again. Magi attack the Virginian Inquisition

base and Matthew Graver is forced into the middle of the attack. He must help defend the base at all cost.”

DEATH; SHORT STORY

www.seanmfrancis.net/written_works/death

“There have been many artifacts created in the world over its long lifespan but none as frightening as Death’s Claw. The slab of obsidian is a dangerous weapon that can kill with a single name in blood. On the quest to find its current owner, Normie and Landon have found the artifact with their names on them, but not the owner. Now, with a deadline, they must find the owner and stop him.”

THE WORLD OF HUNTED; WORLD DESIGN

www.seanmfrancis.net/world_char_design/huntedworld

“Magic has been in the world since its birth. It is a science, a part of biology and anatomy as blood and sinew. As society has evolved into the modern world new laws have been set into place. Yet, there are those that are fighting against the new system. Now, the Inquisition and Black Cults fight for supremacy while citizens fear for the future.”
